📁 Projects

Portfolio [🔗](#)

- Designed and developed the website using **HTML, CSS, and JavaScript**, creating a **responsive and interactive interface**.
- The site **showcases information about me**, including my skills, projects, and experience.

University Management System [🔗](#)

- Built a university admission database with students, courses, instructors, and departments.
- Created **SQL queries, triggers, and constraints** for admissions and GPA-based processes.
- Used joins, nested queries, and aggregates to analyze performance and budgets.

Landing_Page Design [🔗](#)

- Built a **static landing page** using **HTML and CSS** with a clean and responsive layout.
- Designed the page to **showcase content clearly** and provide a **smooth user experience**.
